To quote Confucius- "Choose a job you love, and you will never have to work a day in your life." I hold a strong passion for design - to grasp the attention of the masses through the use of visual stimulation and graphic technique. My success in the field has revealed my knack for creative wordplay and design as my most valuable asset. I welcome the opportunity to clarify this for you first hand. Currently seeking new opportunities in Nassau. Available to start with 2 weeks notice.
